The fast, powerful, easy way to safely store all your data.

These premium-quality, super-silent drives combine highly advanced storage hardware and software technology. They're built to last, with a robust, rugged design.

- The world's quietest 7200-RPM hard drives deliver ultra-high performance.

- Award-winning DiscWizard™ software makes installation a snap.

- Built-in self-monitoring technology helps ensure maximum reliability.

- Unprecedented five-year limited warranty covers parts and labor.

3.5-inch Ultra ATA Internal Hard Drives

Advanced features, blazing performance

The best drives come from Seagate

Seagate® hard drives lead the industry in high performance, powerful features and sophisticated software—yet they're exceptionally easy to install and use. There's no better way to store and work with everything from film, video, and audio files to the latest memory-intensive games.

Engineered for high performance

7200-RPM high-performance drives handle massive amounts of data effortlessly. And the most advanced fluid-bearing (FDB) motor ensures whisper-quiet operation.

Fast, easy installation

DiscWizard software simplifies installation. PC World calls DiscWizard "the best setup utilities," and you'll agree.

Built for safety and security

Seagate hard drives are protected by built-in self-monitoring technology that continuously checks your hard drive for data safety and drive performance. Our unsurpassed SeaTools™ diagnostic software is included.

Five-year limited warranty

Seagate drives are so durable, we back them with a five-year limited warranty that covers parts and labor.

Free tech support

Rely on Seagate for friendly, free technical advice even after your warranty ends.
