

SHOWCASE™

DVR Storage Expander

Perfect for when you need to:

- Expand your DVR's storage capacity
- Save more HDTV shows and movies.
- Turn your Set-top-box into a DVR

Interface USB 2.0: 500GB, 1TB

Capacities eSATA: 500GB, 1TB

Easy Add-On Storage for Your DVR — Save more of your favorite HDTV shows and movies

The Showcase™ DVR storage expander provides easy additional storage of up to 200 hours of HD or 1000 hours of standard definition content. With the Showcase DVR storage expander you can build your library of video entertainment without having to figure out what TV shows and movies you have to delete to make room for something new. It's whisper-quiet, cool-running, and simple to setup. The Showcase storage expander lies flat or stands vertically to complement your home entertainment environment. With two interface models available, please check with your local cable or satellite service provider to find out which solution is right for you.

Choose between USB or eSATA interface models and simply plug the Showcase storage expander directly into your DVR and begin recording more of your favorite TV shows and movies*. Your total recording capacity is expanded and all your stored TV shows and movies are accessible just like before. The DVR treats the two-device solution as if it were one pool of storage.

With the USB interface model, plug the showcase storage expander into an available USB port on your DVR and you are ready to record more of your favorite TV shows and movies* Your total recording capacity is increased and your DVR treats the Showcase storage expander as a second source of storage for older recordings.

Highlights

- Easy add-on storage for your DVR
