

# SV35 Series™

## Data Sheet

### Surveillance-Optimised Storage

- The industry's only surveillance-optimised hard drive platform with 1TB, 2TB and 3TB capacity options
- A hard drive series tested and tuned for the high write-cycle workloads typical in video surveillance storage systems
- 24x7 operational capabilities while maintaining high MTBF of 1M hours
- Performance driven by a 7,200 RPM base platform, with 64MB DDR2 DRAM and optimised write caching surveillance algorithms
- 1TB-per-disc technology takes your surveillance storage further with lower cost/GB to support HD resolutions, enhanced performance and best-in-class support
- Seagate AcuTrac™ servo technology provides accurate read-write operation even in challenging operating environments
- 2A current-limited startup to support the use of embedded system power supplies
- Spin control features enable power-on in standby mode or drive spin-down to conserve power and improve reliability during archival periods

### Best-Fit Applications

- NVR
- Embedded SDVR
- Hybrid SDVR
- PC-based SDVR
