

Seagate® GoFlex® Turbo

PERFORMANCE DRIVE with **SafetyNet™**
Data Recovery Services

Perfect for when you need to:

- Store or back up photos, movies, music and documents
- Read, write and share files between PC and Mac® computers
- Carry files with you on-the-go

Capacities 500GB, 750GB

Protect. Store. Do More.™ With the world's most versatile drive.

The GoFlex® Turbo performance drive includes a 7200 RPM drive and USB 3.0 interface. USB 3.0 provides up to 10x faster data transfer rates compared to USB 2.0. USB 3.0 is backwards compatible with USB 2.0 providing you with the flexibility to access files from any PC. Not only does this drive deliver maximum performance, you also receive 2 years of SafetyNet™ Data Recovery Services, providing you with additional data protection and peace of mind.

Data Loss Can Happen Anytime

There are many causes of data loss including physical damage, environmental conditions and software viruses. Even adverse environmental conditions can render a drive inaccessible. Recovery services can be expensive. Should you experience data loss, your GoFlex Turbo performance drive covers one data recovery attempt within a 2-year period. Install the pre-loaded NTFS driver for Mac® and use the drive interchangeably between PC and Mac® computers without formatting.

The Flexibility Your Files Deserve

Premium backup software with encryption and data sync software is also pre-loaded on the drive. As part of the GoFlex® system, you have the option to change your drive's interface to powered eSATA or FireWire® 800 by pairing the drive with the appropriate GoFlex® accessory cable.

Highlights

- Free 2-year SafetyNet™ Data Recovery Service
- 7200 RPM drive enables up to 40% faster file transfers
- USB 3.0 plug-and-play, backwards compatible with USB 2.0
- Store and access files from PC and Mac computers without reformatting with the NTFS driver for Mac®
- Upgrade your interface to FireWire® 800 or powered eSATA
- Pre-loaded premium backup software with optional encryption
- 2-Year Limited Warranty

SafetyNet program provides one data recovery attempt in the first two years after date of original purchase. Not all data may be recoverable. For more information, see SafetyNet program terms and conditions at <http://www.seagate.com/SafetyNet> or inside box. Shipping charges may apply if data cannot be recovered remotely and in-lab servicing is required. SafetyNet service available only to legal residents of US.
