A megabyte (MB) means 1 million bytes. A gigabyte (GB) means 1 billion bytes. Total accessible capacity varies depending on operating environment. 20GB storage estimates are based on the following assumptions: 1 MB per compressed digital photo, 400MB per video game. Specifications are subject to change. © Maxtor Corporation. Maxtor and the Maxtor logo are registered trademarks and Personal Storage is a trademark of Maxtor Corporation.
