Data Sheet

Get It Together. Organise and back up all your content on one device and access it from anywhere.

You can't enjoy what you can't find when your digital life is spread across multiple computers, hard drives and flash drives. With Seagate® Central shared storage, it's simple to back up all your files, documents and media to one location on your network, and enjoy the convenience of a shared digital library that is compatible with both Macs and PCs. Access your music, films and docs from computers, game consoles, Smart TVs and other connected devices throughout the home. If you own a Samsung Smart TV or Blu-ray Disc™ player with Smart Hub (2012 model or later), you can take advantage of the Seagate Media app to enjoy easy content browsing with your remote control.

Enjoy your content where you want, when you want. After downloading the free Seagate Media app, you can view your content by type, size, even compatibility, regardless of whether it is a PDF, Word doc, music, photo or video file. The Seagate Media app offers a full screen view that allows for quick and easy selection as well as a visually rich experience that is available for Android® and Apple® platforms, as well as Amazon Kindle.

You can even off-load or back up your photos and personal videos from the Seagate Media app. Upload and download any of your files from most Web browsers—from anywhere—with the Central Remote Access Service.
