INTRODUCING THE LATEST ADDITION TO THE SEAGATE FAMILY

Dear Valued Customer,

Welcome to our first edition of the Seagate Newsletter. We start the year with a special announcement: LaCie is now a premium brand under the Seagate Family. LaCie has been combining design and technology for more than 20 years to create products that are both stylish and performance-driven.

The LaCie Rugged range features our iconic orange enclosure that protects drives against drops, shocks, dust and moisture. Favoured by users that enjoy the outdoors or work in the field, the Rugged range is extremely popular with MAC users, power users and photographers alike.

Rugged RAID a Photo Gear of the Year Winner

Each year, Popular Photography magazine evaluates all photographers' needs to make their best pictures. The LaCie 4TB Rugged RAID drive was included among the magazine's annual "Best Photo Gear of the Year" award winners.
