

Maxtor OneTouch™ 4 Plus

An elegantly simple backup and storage solution, with Maxtor SafetyDrill™ software for full recovery of your PC hard drive's contents in case of a crash or virus.

**FireWire® 400 and USB 2.0:
250GB, 500GB, 750GB, 1TB**

Provide a safe haven for your entire working environment. Don't back up and protect just your files anymore. System crashes and virus attacks can happen, and it's difficult to get your computer back to just the way you like it. To prepare, should the unfortunate happen, Maxtor SafetyDrill automatically creates a snapshot of the entire contents of your PC's hard drive which can be readily booted for an easy and complete recovery.

With this elegantly simple full-featured backup solution, Maxtor's software makes automated backup scheduling, specific file restoration, sync, security, drive and power management a snap. To safeguard against unauthorized use, Maxtor OneTouch 4 Plus comes with both data encryption and Maxtor DrivePass.™ To top it off, with up to 1TB you have more than enough room for your important documents, videos, photos, graphics, and music in one safe, convenient location – over 16,660 hours of digital music or 320,000 digital photos or 1000 hours of digital video or 250 two-hour DVD quality movies or 500 games.

It's easy to install – just plug the external drive into an available USB or FireWire port on your PC or Mac, run the preloaded software, and presto you're good to go.

HIGHLIGHTS

- Maxtor SafetyDrill prepares, boots, and recovers your PC's entire internal drive contents in case of a system failure or virus/spyware infection*
- Back up all your files with one touch of a button or automated scheduling
- Two levels of data security
- Sync data between 2 or more computers on the same operating system
- Customizable Maxtor OneTouch button
- Auto Updater helps keep your Maxtor OneTouch solution current
- Dual interfaces: FireWire®400 and USB
- PC and Mac compatible

** This software feature is only available on Windows systems.*
