

# Laptop SSHD Laptop Thin SSHD

Data Sheet

## Unparalleled Speed. Huge Capacity. Amazing Value.

- Equipped with both 32GB and 8GB NAND Flash for enhanced performance
- Boots up and performs like an SSD<sup>1</sup>
- Capacities of up to 1TB
- All-in-one design for simplicity and ease of installation
- Installs and works just like a traditional hard drive in any laptop, PC, Mac or game console, and with any OS and application
- SATA 6Gb/s with NCQ for interface speed
- Self-Encrypting Drive (SED) versions available to maximise data protection and minimise the risk of confidential information breaches
- Backed by a 5-year limited warranty

## Best-Fit Applications

- Thin, thinner and thinnest z-heights
- Perfect for gaming, creative professional, and high performance settings
- 9.5mm for all-in-one PCs and larger laptops
- 7mm for thin and light laptops and high-performance gaming systems

<sup>1</sup> Performance may vary depending on user's hardware configuration and operating system. Testing performed on a Seagate<sup>®</sup> Laptop SSHD 1TB and Seagate Laptop Thin SSHD 500GB.

# Laptop SSHD Laptop Thin SSHD

Specifications	9.5mm	9.5mm	7mm

1 Self-Encrypting Drives (SED) and FIPS 140-2 Validated drives are not available in all models or countries. May require TCG-compliant host or controller support.

2 Some SED FIPS 140-2 models in review. See FIPS 140-2 Level 2 Certificate at: <http://csrc.nist.gov/groups/STM/cmvp/documents/140-1/1401val2011.htm#1635>.

3 Supports hotplug operation per Serial ATA Revision 2.6 specification.

4 Testing conducted by Seagate. Tested using PCMark 7 system storage gaming test. Results have been rounded for display purposes. HDD performance may vary by brand, model and application.

5 Testing conducted by Seagate. Tested using PCMark 7 system storage starting applications test. Results have been rounded for display purposes. HDD performance may vary by brand, model and application.

6 Testing conducted by Seagate using Intel Core i5-based with Intel QM77 chipset laptop and configured with 8GB RAM. Tested using Microsoft utility. Results have been rounded for display purposes. HDD performance may vary by brand, model and application.

7 Load/Unload tested to 600,000 cycles
